Miscellaneous Questions from the Board of Education

Received January 27, 2021

Packet Updated: 04.01.21

Miscellaneous Q&A - Operating Budget

Questions from the Board of Education Received January 27, 2021	
1.	Provide a breakdown of the CARES Act spending.
2.	Provide a breakdown of savings in graduation expenses due to the lack of needing to rent the Show Place Arena and Comcast Center for graduation ceremonies in 2020.
3.	Provide a breakdown of the cost of increase/gain or deficit/loss from online learning. Has there been any savings?
4.	Provide a list of outstanding loans, debts and whether payments have been made on time in 2020?
5.	Provide a list of funds coming to PGCPSS for Energy saving, vendors or other agreements?
6.	Provide a breakdown of non-profit donations and profits/expenditures.
7.	Provide a list of any current contracts with terms limits left.
8.	Provide a list of job descriptions and a breakdown of positions and salary ranges from Staff positions to employee's positions.
9.	Provide a breakdown of steps taken for quality control of the pandemic at each school in my district.

Prince George's County Public Schools
Business Management Services
FY 2022 Proposed Operating Budget

1. Provide a breakdown of the CARES Act spending.

Attachment Q01 details the funds allocated for the CARES Act by category and description.

2. Provide a breakdown of savings in graduation expenses due to the lack of needing to rent the Show Place Arena and Comcast Center for graduation ceremonies in 2020. [Updated response 04.01.21](#)

The savings from the lack of graduation fees and facility the rental of Showplace Arena and Comcast Center in 2020 is \$387,825. However, we incurred an additional \$98,105 in expenditures for media production to host virtual graduations, as well as yard signage to honor the graduates. As a result, the net savings for shifting from in-person to virtual graduations totaled \$289,720.

3. Provide a breakdown of the cost of increase/gain or deficit/loss from online learning. Has there been any savings?

Administration is currently reviewing FY 2021 expenditures by major category. This will be presented to the Board of Education through a Financial Review in March 2021.

4. Provide a list of outstanding loans, debts and whether payments have been made on time in 2020?

The table below defines outstanding debts through Lease Purchase as well as the payments that have been made from July 1, 2020 to date:

LEASE PURCHASE PAYMENTS FY 2021				
Agreement	Payment	Payment Amount	Due Date	Status
\$34,905,116 original LPA amount	FY 2017	\$ 3,420,319.62

\$ 30,387,362.99 Escrow Payments FY 2021 as of 01/29/2021

Miscellaneous Q&A - Operating Budget

5. **Provide a list of funds coming to PGPCS for Energy saving, vendors or other agreements?**

The school system receives funding for energy saving, vendors or other agreements from the following sources:

- Rebate incentives from BGE, Pepco and Washington Gas
- Savings in utilities from partnership with Constellation for Solar renewables for solar panels at Glenarden Woods Elementary, Greenbelt Middle and Oxon Hill High School
- Grant for 1 electric school bus
- Prince George's County Office of Sustainable Energy and National Energy Education Development through the sponsorship of the Energizing Student Potential Program with educators and students
- Exelon's sponsorship of its annual STEM program for students
- EmPower Maryland rebates generated from qualifying replacements and retrofits of lighting, kitchen equipment, hot water heaters, HVAC equipment and qualifying educational courses
- Revenue generated from Cell Phone Tower lease agreements

6. **Provide a breakdown of non-profit donations and profits/expenditures.**

- **Prince George's County Public Schools:**

Funding assistance may be offered to Prince George's County Public Schools by federal, state, or county agencies, foundations, business, non-profit and private sources with or without special restrictive performance requirements or for specific purposes and uses. In general, it is desirable to accept such offers of assistance; however, it is incumbent upon the Board that the requirements of the law, rules and pertinent policies are met, and proper security and confidentiality of certain student information is maintained. Each offer constitutes a receipt of funds which must be posted in official revenue accounts, and the related expenditures authorization provided to the appropriate school system official to accomplish the intent of the funding assistance. All grant funding assistance awarded directly to schools or offices, irrespective of amount, must be reported to the Grants Financial Management Office.

- **Excellence in Education Foundation for PGPCS, Inc.:**

The Excellence in Education Foundation for PGPCS Inc. is a non-profit charitable organization that seeks to solicit, receive and manage contributions to enhance learning opportunities for students. The primary purpose of the Foundation is to augment the quality of services provided to students of Prince George's County Public Schools (PGPCS). The Foundation seeks the financial support, business experience, and expertise of the private sector to ensure its success. The Foundation is committed to supporting quality educational experiences for all public school students to help them learn, achieve, and develop into successful students and, ultimately productive citizens. The Foundation seeks to create and sustain strong and supportive partnerships that will enhance student academic performance and prepare students for higher life-long learning, and the many challenges of an ever-changing society and workplace.

7. **Provide a list of any current contracts with terms limits left.**

Attachment Q07 provides the details for all active contracts currently held by Prince George's County Public Schools.

8. **Provide a list of job descriptions and a breakdown of positions and salary ranges from staff positions to employee's positions.**

A list of job descriptions for all positions can be found on the PGPCS Compensation and Classification website:

Position Descriptions All at <https://offices.pgcps.org/compensationandclassification/positions/>

See **Attachment Q08** for the list of all positions within PGPCS as of January 28, 2021.

The corresponding salary ranges can be found in the respective Collective Bargaining Agreement on the Employee and Labor Relations website at <https://www.pgcps.org/employee-and-labor-relations/>

Prince George's County Public Schools
Business Management Services
FY 2022 Proposed Operating Budget

9. **Provide a breakdown of steps taken for quality control of the pandemic at each school in my district.**

The following steps have been taken so far for quality control for all schools in the district.

- Placement of COVID Signage throughout schools/ buildings (social distancing, where mask, schedule appointment, etc.,)
- Changing of Air Filters on a more regular basis and moving to MERV 13 Air Filters (Minimum Efficiency Reporting Value Filter). The filter is a higher grade filter to catch 90 % of particles. This is the highest value for furnaces and commercial use. ASHRAE (American Society of Heating, Refrigerating and Air-Conditioning Engineers) recommends 6 or higher. Changes will occur in all schools and buildings.
- Air Quality Assessments conducted on schools and building
- Ordered appropriate PPE (masks, face shields, disposable gowns, gloves for appropriate school personnel and students
- Special Machines for Cleaning and Disinfecting (230 Electrostatic machines for each schools for cleaning purposes)
- Hand Sanitizers Dispensers installed at all schools and buildings
- Hand Sanitizing Liquid and supplies provided to all schools and buildings
- Plexiglass Barriers secured in designated office buildings and schools. Additionally, all Cafeteria Point of Sales Locations (POS)
- Review of Main office locations to make sure they all have counters to ensure visitors are not in direct contact with employees and placement of barriers as needed
- Appointment only visitation at all buildings and schools
- No facility usage on Weekdays and only one group per site on the weekend (use has been limited; mostly churches)
- Temperature Check (union employees do NOT want to do it - therefore we purchased an APP that requires staff to check for symptoms daily and the data is sent to the supervisor to review every morning - will being in a few weeks)
- Protocol changed per CDC guidelines concerning closing of buildings and school when there is a COVID case. We no longer have to close schools and buildings completely. We now only need to close a specific area for cleaning per CDC guidelines. Our Environmental Team responds to all COVID case for disinfecting and cleaning within 24 hours
- Cleaning and disinfectant training has been conducted for our custodians and building supervisors
- Contractors doing construction work in our buildings are required to follow PPE requirements and COVID guidelines and protocol
- Weekly meetings with staff to discuss COVID issues and address problems and concerns
- COVID Team respond and track COVID cases to ensure appropriate cleaning and disinfectant protocol occurs
- Ordered Bottle Water for all schools and building for students when they return.
- Implemented School Bus Sanitation Procedures
- Developed seating charts and schematic for school buses
- COVID safety signage placement for all buses
- Ensure that our warehouse is stocked for app PPE for staff and students
