MBEs, local hiring, student
scholarship programs

Engagement

- On-going public meetings
 - **#1: Program Overview**
 - **#2: Construction Logistics**
 - **#3: Community Investment**
School-based Project
Planning Committees

Community Investment Plan Overview

Prince George's County Education and Community Partners is committed to leveraging this multi-school project to enhance the quality of life for the residents, workers, and communities of Prince George's County.

Our Program Includes:

- Workforce Development
- Community Service and Amenity Plan
- Mentor - Protégé Program
- Internships and Apprenticeship Opportunities
- Scholarships and Education

Workforce Development

Our Workforce Development Plan is a partnership with:
EmployPG, Our Trade Contractors and LiUNA.

- Employment opportunities will be advertised with EmployPG.
- All Trade Contractors will post job opportunities with EmployPG and will work with the County to fill opportunities and hire qualified workers from Prince George's County.
- LiUNA – will provide common and skilled labor and provides both apprentice opportunities and labor opportunities with a majority of its workers coming from Prince George's County.

To date, we have engaged Employ PG, LiUNA and key trade contractors to establish this work plan.

We will track home zip codes for workers to ensure compliance

Community Services and Amenities Plan

The community services and amenities plan (“Amenity Plan”) will be **school-community focused**. Service activities in the community will be led by the on-site project teams. These will include back-to-school fundraisers, community improvement/clean-up days and any other activities determined by the needs of the neighborhood.

The Amenity Plan will be determined by each school’s Project Planning Committee (PPC), which is led by the principal of each school. For example, the amenities could include:

- Public Art
- Exterior Enhancement (Green House/Garden)
- Outdoor Physical Training Circuit
- Other ideas generated by the local school

Next Step: 1st Amenity Plan meetings begin with PPCs in June

Mentor Protégé Program

PGCECP is implementing a robust mentor protégé program that will involve all major participants (Gilbane, Stantec, Honeywell) and many key subcontractors that will provide a diversified program of business and technical training opportunities.

Current Mentor Protégé Relationships

Mentor	Protégé(s)
Gilbane Building Company	Warren Builds Construction Corenic Construction
Stantec	Arel Architects Leuterio Thomas

Next Steps

- Encourage and incentivize Trade Contractors to provide Mentor Protégé opportunities at all levels.
- Implement a series of 8-session free and inclusive 'virtual' mentor protégé programs beginning in the fall of 2021

Internships and Apprenticeships

(1) Engage local industry apprentice training groups to recruit apprentice candidates to work with our trade partners. **(2)** Provide vital work-based learning experience for a broad spectrum of county students and residents through internships

Local Industry Apprentice Training Groups

- Maryland Apprenticeship & Training Program
- SkillsUSA Maryland
- Iron Worker Local #5
- EC Chesapeake Electrical Apprenticeship
- Joint Apprenticeship Training Committee
- ABC Metro Washington Chapter

Next Steps

- Gilbane will hire six (6) interns per summer that are either attending PGCC, a community college or University system in the county.
- Trades will employ interns/apprentices.
- Work with the CTE program to provide hands on learning and employment opportunities to high school students and program alumnus.

PGCECP will be attending the Prince George's Community College - **2021 Virtual Career and Internship Networking Event** on April 1, 2021

Scholarships and Educational Opportunities

Provide scholarship and educational opportunities for Prince George's County (PGC) residents/students at both Prince George's Community College and CTE.

- PGCECP, as part of its community impact commitment, made a **\$1 million contribution** to the Excellence in Education Foundation for PGCPs.
- PGCECP's design-build lead, Gilbane, will fund a **\$60,000 scholarship** fund for deserving PGC residents to financially support their enrollment at Prince George's Community College.

What's to come?

- In coordination with the CTE staff, host quarterly presentation to educate CTE students about the design-build process:
 - **Structured workshops**
 - **Field trips**
 - **After school education**
 - **Design/construction competitions**
- Share employment opportunity postings with CTE staff for real time feedback on active local employers and hiring trends.

Please submit your questions/concerns:

- **Please submit questions and concerns now** in the Q&A section of Zoom.
- **Additional questions/concerns** can be shared in the post-meeting survey.
- **A Blueprint Schools Program [Google Form](#)** will be available and shared widely for additional question/concerns throughout the process.

thank you
