PROJECT STATUS

Project Status

Current Phase

- Baseball and softball fencing, backstops, and batting tunnels are scheduled for completion by mid-November.
- Preparations for the next phase of construction will begin once this work is complete.

Permitting Status

- Site development conceptual plans have been approved by a 3rd party reviewer and the Department of Permitting, Inspections, and Enforcement (DPIE).
- Site development fine grading plans are currently under review with a 3rd party reviewer and DPIE. Anticipated approval by early November.
- PG County Soil Conservations (SCD) Plans are conditionally approved, and the soil conservation district has requested a DPIE approval letter in order to obtain SCD final approval.

PROJECT TIMELINE

Project Schedule

Fall 2026	Complete work on the baseball and softball fields ahead of spring sports. Secure all permits and conduction pre-construction meeting planning for DPIE and school administration.
Fall - Winter 2026	Prepare the site for a construction kick-off
Winter 2026	Stadium Site Demolition
Winter - Spring 2027	Concrete and Site electrical work
Spring 2027	Synthetic Turf and Asphalt track installation
Spring - Summer 2027	Installation of aluminum bleacher risers and skirting on both the home and visitor sides.
Summer 2027	Anticipated Completion

This is an estimated project timeline and is subject to change based on official approvals and external conditions.

WHAT'S AHEAD FOR CROSSLAND ATHLETICS

What’s to Ahead for Crossland Athletics

Winter Sports

- Winter 2026 sports will not be impacted.
- All winter teams will practice indoor during the season.

Spring Sports

- Baseball and Softball seasons will not be affected by construction.
- Outdoor Track and Field plans will evolve alongside construction progress.

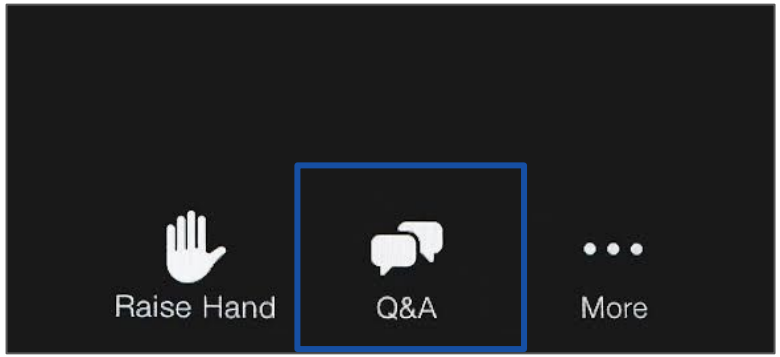

Q&A SESSION

Q&A Session

Crossland High School

Project Overview

Prince George's County Public Schools is advancing a comprehensive, phased renovation of the existing Crossland High School stadium and athletic facilities. The project will transform the stadium with a new synthetic turf field, a rebuilt regulation-size track and field area, and upgraded amenities including new bleachers, a press box, scoreboards, sports and egress lighting, fencing, and accessible pathways.

Additional improvements include a new ticket booth and storage building, upgraded baseball and softball batting tunnels, enhanced field drainage and stormwater management systems, and updated electrical infrastructure to support stadium operations, including lighting, scoreboards, and press box functions.

Upon completion, the renovated stadium will provide students, athletes, and the community with safer playing conditions, improved accessibility, enhanced spectator experiences, and modern athletic facilities designed to support a wide range of activities for years to come.

Where We Are Now

PLANNING DESIGN BID CONSTRUCTION COMPLETION

Construction is underway to deliver a new athletic field and facility improvements shaped by community input and technical expertise.

Estimated Project Completion: 2027
