DECEMBER 2024

## This Month's Strategy...

### Modeled Writing...

Modeled Writing is an instructional strategy used to pre-teach and reinforce specific writing skills or concepts. Modeled writing can be used to illustrate a wide range of skills related to writing from grammar and conventions to crafting a piece for a specific purpose and audience.

## Writing Corner...at home

Have writing supplies (including notepads, pens, pencils, post-it notes and crayons) on hand as well as creative prompts such as magazines, pictures or toys. A desk and chair that is the right size can also encourage better handwriting and good posture.
